

Take the PolyVision Challenge

Attention Technology Coordinators:
If you currently purchase and install any of the following electronic whiteboards:

- ACTIVboard
- Egan TeamBoard
- InterWrite MeetingBoard
- SMART Board

take the PolyVision challenge.

We challenge you to install the current software and train a new user in less time than it takes to walk up and use a PolyVision board. You'll need to beat two minutes to even be in the running!

The winning way... PolyVision's Walk-and-Talk™ PolyKey Technology and Remote Control makes all the difference.

The old way.

Visit your PolyVision dealer to take the PolyVision Challenge. For a listing of local dealerships please visit www.polyvision.com/challenge or contact 1.800.620.POLY
