

You have the **Power to Improve** the

QUALITY of LIFE

for **MILLIONS OF AMERICANS**

When someone is diagnosed with cancer, life changes forever.

By supporting palliative care legislation you will be taking one large step to ensure cancer patients and their families get the support and care they need to live the best quality of life possible. Along with three million other Americans, I participate in Relay For Life to help put an end to cancer. As my elected official, you have the power to make a difference and I'm asking for your help.

Join the Relay For Life participants in your community and support the palliative care legislation (H.R. 1339, S. 641, H.R. 1666) .

By supporting this legislation, you will be helping cancer patients and their families get what they need when faced with the disease, such as: coordinated and patient-centered care, pain and stress management, nutritional, caregiver, and psychological support.

Bring quality of life and care together for the millions facing cancer.
